

INSPIRING EXCELLENCE

800x3200mm | 800x3000mm

15mm Thickness

INTRODUCTION

The success of a brand lies in its ability to evolve and stand ahead of its time with a pioneering vision. Our and its exceptional offering is a result of vision, demand, and objective of delivering products that add iconic values to the spaces of customers. It is also a passionate endeavor encouraged and inspired by the efforts of sustainability for a better tomorrow.

Our believes in delivering an experience beyond excellence and thus is bringing revolutionary products to the market backed by advanced technology. We believe in leading with innovations to make a remarkable impact in the lifestyle industry.

Our brings first time in India - Largest size slabs with automised powder decoration.

We are facilitated with High Resolution Digital Technology from Italy.

Our unmatched quality is the result of in-house research and test lab conducting enhanced quality checks.

We have eco-friendly plant architecture with methodical plantation.

Our manufacturing plant is furnished with an in-house township.

We have an advanced assembly of robotics automated product handling

INTRODUCTION

THE GLORIOUS Our SURFACE

High Gloss Surface

15mm Thickness

Highlighting interiors with the brilliance of surfaces

The Our Surface promises a sense of infinity and sophisticated feel for a place with its extravagant style. These tiles bring an effervescence vibe and charming poise to the interior.

Spaces are blank pages that one can decorate in their personal style and write their lifestyle story. Every space lights up when the right elements come together and adding gloss to it just enhances the mood of the space. The tiles of Our Surface have a premium high gloss finish that expresses extravagance and delivers an elite experience. These surfaces enlighten spaces through their opulence and captivating semblance.

IMAGINE YOUR SPACE WITH SEAMLESS POSSIBILITIES

Types of Body

BIG SIZE SLABS

15mm Thickness

The 15mm thickness assures a sturdy and durable structure with its toughness. These surfaces enhance the spaces by fabricating modish tones for versatile areas.

INTRODUCING ADITECH TECHNOLOGY INNOVATIONS FOR FUTURE.

**More Natural.
More Sustainable.
Less Impact.**

In today's age, when the environment needs to be looked after, we make innovation sustainable. Our tiles are manufactured using Aditech technology that makes a healthy and better lifestyle a priority. The Aditech technology is the innovation of the future as it helps create tiles that are respectful to the

environment. Using this innovative technology, we ensure that the raw material waste is to the minimum, the tiles are recyclable, they do not emit any harmful chemicals, and there is a decrease in water waste. Aditech technology leads to our well-being through the well-being of nature.

VERSATILITY THAT UNFOLDS BOUNDLESS POSSIBILITIES

The Our Surface converts every space into the Shangri-la of luxury and harmony.

The aesthetical richness of our surfaces engulfs places in an oasis of surreal ambient with their mesmeric appeal. These majestic surfaces offer multiple installing options with their rich functionalities, sense

of comfort and pleasing designs. These tiles can be installed on countertops, furniture, floors, walls, staircase and many other areas of commercial as well as residential places.

CRAFT CLASSIC AND FUNCTIONAL SPACES

DESIGN ELEMENTS
THAT STAND OUT

This lavish collection of Our Surface offers solutions that transform the meaning of luxury and style through its prominence.

High Gloss Surface

15mm Thickness

The brilliant Our Surface is versatile in its application. This collection creates the ideal ambience for various spaces like countertops, worktops, dining tables, staircases, and a lot more.

INSTALL FURNITURE
ELEGANT AND SUPERIOR

MAKING EVERYDAY LIFE EASIER

In this time and age, hygiene, cleanliness and comfort is a priority and everyone requires a place where they feel completely at home. The multifaceted surfaces of this collection make everyday life easier while achieving distinction in the decor segment for every home and public area. These surfaces with their convenient features offer an ideal tiling solution for a modern lifestyle.

Slab Handling

Tools suggested for handling

For handling the enormously sized slabs from Adicon, we recommend careful handling with the help of four handlers at the same time in case of the largest size and at least two handlers for the smaller sizes of the slabs.

Reinforced trolley

Parallel & transverse guides

Single & Double suction cup

Handling instructions

Our recommends the use of a kit of devices designed especially for the handling of large-size slabs.

We recommend carrying out the handling job of the slabs with four handlers at the same time.

Ensure proper suction with a vacuum between the device and the slab and use a single device/suction cup for a maximum length of up to 150cms.

To lift the slabs use sucker cups after cleaning the slab and cups with a damp sponge. Make sure the device also has suckers that run along with the guides and adhere to the slab.

To lift the slab use guides from the long sides of the slab and lift/hang it vertically to the handles of the trolley frame. Use appropriate size reinforced trolley for various sizes of slabs.

Slab Cutting & Drilling

Tools suggested for cutting and drilling

Workbench with aluminum profiles

Cutting unit

Diamond polishing pads

Manual cutting instructions

Lay the slab on a flat surface and preferably on a workbench with aluminum profiles. Make sure the surface is stable for both cutting and drilling.

Make markings on the slab according to the desired cutting and drilling need.

After scoring the length and making the cut, move the slab out of the workbench till the incision line and split from both sides using cutting-off pliers.

Smooth the edges of the length cut with a diamond polishing pad.

Slab Laying

Tools suggested for Laying

3mm & 10mm trowel

Rubber trowel & Spacers

Device for plate's pulling over and Leveling wedges & clips

Slab Laying Instructions

Check the laying substrate. Make sure it is clean, mature, and homogeneous with no cracks.

Apply adhesive onto the back of the slab with a 3mm trowel in one direction only.

Apply adhesive onto the floor substrate at the same time while applying on the slab with a 15mm U-notch or 19mm V-notch trowel in the same direction as the slabs.

Position the slab on the adhesive bed with a sucker frame with adjustment of a minimum of 3mm joint.

Tap the slab from the center to the edges with a rubber trowel to expel air. Make sure air is expelled and there is no bubble between the slab and the substrate.

Complete the laying of the slab with a suitable sealant while keeping a 3mm joint through spacers. The special device of pulling over the slabs can be used for easy laying and spacing.

Level the wedges at each linear meter of the slab.

Slab Edge Possibilities

1-1/2" Dupont Bullnose

1-1/2" Pencile Edge

1-1/2" Dupont Square

1-1/2" Revers Bevel

3/4" Dupont Demi

1-1/2" Dupont Step Square

Cleaning & Maintenance

High-quality raw materials, rigorous production parameters, and world-class technology at Adicon make the exclusive offering nonporous and thus no dust or deposited waste penetrates the surface.

The no-maintenance surfaces require only a damp cloth for cleaning.

Routine and recurring cleaning spotlights the aesthetic features of the surfaces and keeps the surfaces shining.

For cleaning contamination and stains caused by some common food and other material follow the table below:

TYPE OF STAIN	CHEMICAL PRODUCT	EXAMPLE
Grease	Alkaline - Solvent	Detergent
Oil	Solvent	Ammonia, Baking Soda
Ink	Oxidant - Solvent	Alcohol, Liquid Bleach, Nail Paint Remover
Rust	Acid	Hydrochloric Acid, Vinegar, Red Harpic
Lime	Acid	Descaling Reagent, Hydrochloric Acid
Cement	Acid	Hydrochloric Acid
Wine	Alkaline	Ammonia, Liquid Bleach
Coffee	Alkaline - Solvent	Ammonia, Liquid Bleach
Rubber	Solvent	Alcohol, Thinner
Plaster	Acid	Hydrochloric Acid
Candle Wax	Solvent	Alcohol, Thinner
Iodine	Oxidant	Liquid Bleach
Blood	Oxidant	Liquid Bleach
Ice Cream	Alkaline	Liquid Bleach

Note: It is recommended that any kind of stain needs to get clean immediately / as soon as possible.
